	Listening	Reading	Spoken interaction	Spoken production	
English	B2	B2	B2	B2	B2
Certification Pearson LCCI Level I Certificate in ESOL International (CEFR B2)					

Social skills and competences

I have good communication and interpersonal skills acquired both in the University context (on the occasion of group projects) and private lessons. Thanks to my role as Web Master at fosvico.it, I have increasingly improved my ability to relate with people on the occasion of telephone and internal communications.

Organisational and management skills and competences

I distinguish myself for an excellent team spirit and the ability to manage a team of work. I had the opportunity to develop these skills thanks to the experience of team working at the University of Salerno, on the occasion of the Software Projects Management exam, where I played the role of Project Manager. Together with a colleague, I directed a group of 7 developers, managing to complete the project within the deadline and with the estimated budget. I am very skilled in the organization of my work and the work of others. My strong point is the passion for Computer Science and the constant effort I put in problem solving.

ADDITIONAL INFORMATION

Projects realized outside the university.

I have developed some company Websites and personal blogs: depiano.it, dodgeholes.com, elviaufiero.it, fosvico.it, cortex-leather.com, vietrileather.com, gabrielsport.com(\*), evolutionshoes.com(\*), depianoservice.it (\*).

I attended the App Challenge event with the Android App DodgeHoles @ July 2013 and then with Cross-Platform App Fast Recruiting commissioned by Nexsoft S.pa @ February 2018.

I attended the Copernicus Training and Information Session event held at the Grand Hotel Salerno on April 27th 2018. During this course, I learned the general concepts of the Copernicus program, specifically I learned to use software such as SNAP and ERDAS, which were illustrated by dr. Nico BONORA (ISPRA) and by dr. Massimo ZOTTI (Planetek Italy).
